Education

-Graduated from Faculty of Pharmacy, **Clinical Department (GPA: 3.97)** (2016-2021)
(Achieving the second place on my batch)

-Graduated from **Alexandria Language School** (2004-2016)

Work Experience

- Demonstrator of Pharmacy Practice at Faculty of Pharmacy, Alexandria University
(September 2021 – Present)

-Academic supervisor of Ambulatory Care Clinical training at Faculty of Pharmacy, Alexandria University
(July 2021 – September 2021)

Graduation Project

-Conducted a meta-analysis titled “Assessment of Acute Kidney Injury (AKI) prevalence in COVID-19 patients and its Effect on Mortality Rate and the Impact of Several Co-Morbidities on AKI Development: Systematic Review and Meta-analysis”

Career Objective

I am dedicated high achiever, aspiring for an environment where growth is possible, learning is an everyday goal, and challenges are always overflowing. I aim for a feeling of certainty that my capabilities will be properly harnessed and that my efforts will prove impactful. I strive for meaning and degree of perfection in my performance which, I believe, will add to any entity I am to belong to. I am passionate about scientific research.
