

CURRICULUM VITAE

Name : Nabil Mohamed Ghazy Dawood.

Address : 95, Officers buildings,
apt. # 33, Mostafa
Kamel, Alexandria.

Present Appointment: Professor of
Pharmacognosy,
University of
Alexandria,
Alexandria, Egypt.

Date of Birth : 18 August 1947.

Nationality : Egyptian.

Marital Status : Married.

Number of Children : Three.

Academic and professional Qualifications:

- 1- B. Pharm. Pharm. Chem. (1969) (honour), University of Alexandria, Egypt.
- 2- Master in Pharmacognosy (1974), Faculty of pharmacy University of Alexandria, Egypt.
- 3- Ph.D. in pharmacognosy (1980), Faculty of Pharmacy, University of Alexandria, Egypt.
- 4- Member of pharmaceutical Society of Egypt (1969 to date).

Details of working Experience:

A. Positions held:

- 1- Assistant Lecturer, Department of Pharmacognosy, University of Alexandria, Egypt (1974–1980).
- 2- Lecturer, Department of Pharmacognosy, University of Alexandria, Egypt (1981–1986).

- 3- Associate professor, Department of pharmacognosy, Faculty of pharmacy, University of Alexandria, Egypt (1986–1994).
- 4- Professor, Department of pharmacognosy, Faculty of pharmacy, University of Alexandria, Egypt (1994–to date).

a. Teaching Experience:

- 1- Theory and practical Courses in pharmacognosy were given to first and second year pharmacy students of Faculty of Pharmacy, University of Alexandria.
- 2- Participated in the teaching of practical courses for the B. pharm. students (Fourth year).
- 3- Participated in the teaching of theory courses for the post-graduate students in the Department of pharmacognosy.
- 4- Participated in the teaching practical and theory courses in " Natural products from medicinal plants" for third year, Oman Assistant pharmacy institute, Sultanate of Oman .
- 5- Theory and practical courses in Forensic Pharmacognosy were given to Master Degree Students, Department of Toxicology and Forensic Medicine, Faculty of Medicine, University of Alexandria, Egypt .

C. Post-Graduate Degree Supervision:

Participates in the supervision of the following thesis:

- 1- Pharmacognostical study of certain salvia species growing in Egypt.
- 2- Phytochemical study of some plants belonging to genus Xanthium family compositae.
- 3- Phytochemical investigation of Nitraria retusa "forssk." Asch., Roemeria hybrida DC and Fumaria judaica Boiss. Growing in Egypt.
- 4- Phytochemical study of some plants belonging to family

Compositae.

- 5- Phytochemical study of some plants belonging to genus *Cirsium* and genus *Cichorium* grown in Egypt.

D. Attendance of Conferences:

Participated in the following:

The Egyptian pharmaceutical Conference 19th held in Cairo 1986 and presented two papers.

E. Spoken Languages:

List of Publications

- 1- Macro- and Micromorphology of *Melia azedarach* L. Growing in Egypt.
part 1. the leaves and Stems.
M.R.I. Saleh, T.M. Sarg and N.M. Ghazy.
Egyptian J. pharm. sci., 19 (1—4) 43—52 (1978).

2- Macro- and Micromorphology of *Melia azedarach* L. Growing in Egypt.
Part 2. The Flowers
M.R.I. Saleh, T.M. Sarg and N.M. Ghazy.
Egyptian J. pharm. sci., 19 (1—4) 53—64 (1978).

3- Macro— and Micromorphology of *Melia azedarach* L. Growing in Egypt.
Part 3. The Fruits.
M.R.I. Saleh, T.M. Sarg and N.M. Ghazy.
Egyptian J. pharm. Sci., 19 (1—4) 65—69 (1978).

Sesquiterpene lactones from *Reichardia tingitana* L.
S. El-Masry, M.R.I. Saleh, N.M. Ghazy and M. Vuilhorgne
Acta pharm. suec., 17 (3) 137—I42 (1980).

5- Macro— and Micromorphological study of *Reichardia tingitana* (L.) Roth. var. *orientalis* (L.), Asch. et. Schweinf.
Part1. The Leaf, stem and Root.

M.R.I. Saleh, N.M. Sabri, S. El-Masry and N.M. Ghazy.

A paper presented to the Egyptian pharmaceutical Conference (1980).

6 – Macro- and Micromorphological study of *Reichardia tingitana*

(*L.*) *Roth. var. orientalis (L.) Asch et Schweinf.*

part 2. The Flower—Heads and Fruits.

M.R.I. Saleh, N.N. Sabri, S. El-Masry and N.M. Ghazy.

A paper presented to the Egyptian pharmaceutical Conference (1980).

6– An acetylenic triol from *Hyoseris Lucida*.

S.El.-Masry, N.M. Ghazy, C. Zdero and F. Bohlmann.

Phytochemistry, 22(2) 592—593 (1983).

7– Two Guaianolides from *Cichorium pumilum*.

S. El-Masry, N.M. Ghazy, C. Zdero and F. Bohlmann.

Phytochemistry, 23(1) 183–185 (1984).

8– Xanthanolides from *Xanthium spinosum*.

A. Omar, E. Elrashidy, N.M. Ghazy, A. Metwally, J.Ziesche and F. Bohlmann.

Phytochemistry, 23(4) 915—916 (1984).

9– Alkaloids of *Fumaria densiflora*

Y. Mirhom, N.M. Ghazy and F. Darwish.

A paper presented to the First Arab Conference of Medicinal plants, Cairo (1984).

10– Two eremophilanes from *Senecio desfontainei Druce*

Nabila M. Ghazy and Sawsan El-Masry.

Acta pharm, Jugosl., 36, 67–68 (1986).

11– Macro- and Micromorphological Study of *Tanacetum Santolinoides*

(DC.) Feinbr. & Fertig (*pyrethrum santolinoides DC.*)

- part 1. Flower-Heads.
N. El-Sebakhy and N.M. Ghazy.
Egyptian J. pharm. sci., 27 (1-4) 153—166 (1986).
- 12- Macro- and Micromorphological Study of Tanacetum Santolinoides
(DC.) Feinbr.&Fertig (Pyrethrum SantolinoidesDC.)
Part 2 leaf, stem and rootsock.
N. El- Sebakhy and N.M. Ghazy.
Egyptian J. Pharm. Sci., 27 (1-4) 167– 180 (1986).
- 13- Phytochemical Study of the roots of Hyoseris Lucida L.
N.M. Ghazy and Z.F. Mahmoud.
Egyptian J. Pharm. Sci., 28 (1-4) 321– 326 (1987).
- 14- On the constituents of the fruits of Melia azedarach L.
Nawal N. Sabri, Amina H. Abou- Donia and Nabila M. Ghazy.
Alexandria J. of Pharm. Sci. 1 (1) 28– 31 (1987).
- 15- Macro- and micromorphological Study of Otanthus maritimus Hoffmgg, et link. (The leaf, Stem and Flower- head).
Ahmed A. Seif El- Din, Nabila M. Ghazy and Nawal. N. Sabri.
Alexandria J. Pharm. Sci., Vol. 1(2) 106 — 113 (1987).
- 16- Pharmacognostical Study of Salvia aegyptiaca L.
Part 1. Macro— and Micromorphology of Stem & Leaf.
N.N. Sabri, N.M. Ghazy, A. Abou— Donia, A. Assad and
A.M. El Lakany.
Egyptian J. Pharm. Sci., 29, 19– 32 (1988).
- 17- Pharmcognostical Study of Salvia aegyptiaca L.
Macro - and Micromorphology of the Flower.
Nawal N. Sabri, Amina H. Abou- Donia, Aya M. Assaad, N.M. Ghazy and Abdalla M. El – Lakany.
Alexandria J. Pharm. Sci., 2 (1) 9–13 (1988).
- 18- Sesquiterpene Lactones from Xanthium occidentale Bert.

N.M. Ghazy, A. Omar, E. Elrashidy and A. Metwally.

Egyptian J. Pharm. Sci., 29 (1–4) 39– 42 (1988).

- 19– Diterpene quinones from the roots of Rosmarinus officinalis L.
Amina A. Abou – Donia, Aya M. Assaad, Nabila M. Ghazy, Michael
S. Tempesta and Dale R. Sanaon.
Alexandria J. Pharm. Sci., Vol. 111 (1) 54–55 (1989).
- 20– Macro- and Micromorphological study of Varthemia montana
(Vahl) Boiss. (Jasonia montana (Vahl) Botsch.)
Part 1. Flower— Heads.
N.M. Ghazy and F. Darwish.
Bulletin of Faculty of Pharmacy, Cairo University (1986).
- 21– Macro- and Micromorphological Study of Varthemia montana
(Vahl)
Boiss. (Jasonia montana (Vahl Botsch).
Part 2. Leaf and Stem.
N.M. Ghazy, F. Darwish and A. Abou- Donia.
Bulletin of Faculty of Pharmacy, Cairo University (1986).
- 22– A bietane diterpene quinones from the roots of Salvia verbenaca
L. and Salvia lanigera poir.
Nawal N. Sabri, Abou- Donia, Aya M. Assaad, Nabila M. Ghazy,
Abdalla M. El – Lakany, Michael S. Tempesta and Dale R.
Sanaon.
Planta Medica. 55 (6), 582 (1989).
- 23– Two new rearranged abietane diterpene quinones from Salvia
aegyptiaca L. roots. Nawal N. Sabri, Amina H. Abou- Donia,
Nabila M. Ghazy, Aya M. Assaad, Abdalla M. El- Lakany and
Micheal S. Tempesta.
J. org. chem., 54 (17), 4097–4099 (1989).
- 24– Chemical investigation of Scolymus hispanicus (L.)
M.R.I. Saleh , A.M. Habib and N.M. Ghazy.

- 25– Alkaloids from *Roemeria hybrida* L. Growing in Egypt”,
Sawsan El-Masry, Masouda Amer, Nabila M. Ghazy and
Abdalla M. El-Lakany.
Alex. J. Pharm. Sci, 4(1) 90–93 (1990).
- 26– Microscopic and Chromatographic Differentiation of the Roots of
Three Common Egyptian *Salvia* species”, Nabila M. Ghazy, Abdalla M. El-Lakany and Nawal N. Sabri.
Alex. J. Pharm. Sci., 7(2), 107–111 (1993).
28. Flavonoids from *Cleome brachycarpa*”,
Saleh El-Sharkawy, Nabila M. Ghazy, Fathi El-Fiky, Abdalla M. El-Lakany and Abdallah A.Omar.
Alex. J. Pharm. Sci., 7(2), 121 –124 (1993).
29. Macro-and Micromorphological Study of Flower, Fruit and Seed of *Astragalus trigonus* DC.
Nabila M. Ghazy, Rokia M. Abdallah, Fahima F. Kassem and Nadia A. El-Sebakhy.
Egypt. J. Pharm. Sci., 34(4–6) 767–785 (1993).
30. Flavonoids from *Carduus pycnocephalus* L.”, Abdalla M. El-Lakany, Maged S. Abdel-Kader, Hala M. Hammoda, Nabila M. Ghazy and Zeinab F. Mahmoud.
Alex. J. Pharm. Sci., 9 (1), 41(1995).
31. New methoxylated flavonols from *Inula crithmoides* L.”.
Abdalla M. El-Lakany, Maha A. Aboul-Ela, Hala M. Hammouda, Nabila M. Ghazy and Zeinab F. Mahmoud.
Die Pharmazie, 51(6), 435–6 (1996).
32. “A new flavone glycoside with antimicrobial activity from

Carduus pycnocephalus L.".

Abdalla M. El-Lakany, Maged S. Abdel-Kader, Hala M. Hammouda, Nabila M. Ghazy and Zeinab F. Mahmoud. Die Pharmazie, 52, 78–79 (1997).

33. "Chemical Constituents of *Cirsium syriacum* and *Cichorium intybus* (Asteraceae) Growing in Egypt."

Maha A. Aboul – Ela, Mohamed M. Abdul – Ghani, Fathy K. El – Fiky, Abdalla M. El – Lakany, Hattem M. Mekky and Nabila M. Ghazy.

Alex. J. pharm. Sci, 16(2), 152–156 (2002).

34. "Studies on Artemisia monosperma. Part II: HPTLC study and antimicrobial activity of Artemisia monosperma" Maha A. Aboul-Ela, Hala M. Hammoda., Cecel S. Zaki, Abdalla M. El-Lakany, Nabila M. Ghazy and Hoda G. Omar. Alex. J. Pharm. Sci., 22, 107 (2008).

35. New constituents of Artemisia monosperma Del " Hala M. Hammoda, M.A. Aboul Ela, O. El- Hanbali, A.M. El-Lakany, C.S.Zaki and N.M. Ghazy, Pharmazie,63,6.11 (2008).

36- "Chemical constituents from *Tribulus terrestris* and screening of their antioxidant activity" Hala M. Hammoda, Nabila M. Ghazy, Fathalla M. Harraz, Mohamed M. Radwan, Mahmoud A. ElSohly, Ingy I. Abdallah. Phytochemistry,92, 153–159 (2013).

37- Investigation of biological activities of different extracts of *Marrubium alysson* L.

Nabila M. Ghazy¹, Fayda H. Bamane², Nayera A. Moneib³, Jihan M. Badr³
Journal of Pharmacy Research 2011,4(12),4387–4389

38- Antioxidant and anti-inflammatory effects of *Marrubium alysson* extracts in high cholesterol-fed rabbits

Soha S. Essawy, Dina M. Abo-elmatty, Nabila M. Ghazy, Jihan M. Badr and Olov Sterner

Saudi Pharmaceutical Journal, 2014, 22, 472-482

39- flavonoids of *alcea rosea* L. and their immune stimulant, antioxidant and cytotoxic activities on hepatocellular carcinoma hepg-2 cell line

nabil a.abdel-salam , nabila m.ghazy , shaimaa m sallam , amira s wanas , mahmoud a elsohaly , maha el demellawy , nevin m. abdel- rahman , Sonia piacente and mary labib shenouda .

natural product research 2017 32(6):1-5

40 - Validated HPTLC method for dihydrokaempferol -4'-5'-glucopyranoside quantitative determination in *Alcea* species

nabil a.abdel-salam , nabila m.ghazy , shaimaa m sallam , eman shawky and mary labib shenouda

Journal of chromatographic science 2018 56(6).

Thesis supervised:

- **Student Hesham yuossef qobera**

Tissue Culture of some plants belonging to family Umbelliferae (Apiaceae)

- **Student Mary labeb kamel**

Phytochemical and biological investigation of *Alcea rosea* L. family Malvaceae

- **Student Miran el-haggar**

Biotechnological Study and Biological Evaluation of *Lepidium sativum* L. family Brassicaceae

- **Student Sara magdy**

Bioactivity-Guided Phytochemical Investigation of *Jacaranda mimosifolia* D.Don Grown in Egypt

مناقشة رسالة الماجستير ص. سمر معاذ بسام المعيدة بجامعة فاروس للحصول على درجة الماجستير في العلوم الصيدلية - عقاقير

- مناقشة رسالة الماجستير لص. ريهام محمد صالح المعيدة بجامعة دمنهور وحصولها على درجة الماجستير في العلوم الصيدلية عقاقير
- مناقشة رسالة الماجستير ص. محمد فايز معيد كلية الصيدلة جامعة دمنهور وحصوله على درجة الماجستير في العلوم الصيدلية عقاقير
- مناقشة رسالة الماجستير ص. نيهال النويهي معيدة كلية الصيدلة جامعة دمنهور وحصولها على درجة الماجستير في العلوم الصيدلية عقاقير
- مناقشة رسالة الماجستير ص. اسماء خيري معيدة كلية الصيدلة جامعة الاسكندرية وحصولها على درجة الماجستير في العلوم الصيدلية عقاقير
- مناقشة رسالة الدكتوراة م.م. صفا شمس الدين مدرس مساعد كلية الصيدلة جامعة الاسكندرية وحصولها على درجة الدكتوراة في العلوم الصيدلية عقاقير
